Dedication

To Mr. Thomas S. MacQuiddy for a tradition of strength in musical, athletic, and educational activities . . . . for the ideals and practise of self-government in the Student Board, Merit Board, and Student Body meetings . . . . for the friendly and educational spirit which exists between students and teachers . . . . for the promotion of individual growth in all with whom he came in contact . . . . and especially for the forty-two years of wise and selfless use of great and varied gifts for the creation of a better school . . . . we gratefully dedicate this book.

Acknowledgments

So many individuals and groups have played a part in making the publication of this book possible, that it is impossible to express our gratitude to each of them. To Ken Skillicorn, Miss Dubendorff and the other members of the Art Staff for their work on this book's cover, end sheets, and division pages . . . . to the ad staff and the photographers Sam Vestal and Sam Powell . . . . to Teresa Stellanini and those who helped her . . . . to the members of the faculty who have cooperated by giving us time and aid, and especially to Mr. Dyche who gave help so generously on our moon movie program . . . . to Mr. Geisel for his cooperation in the taking of the many pictures connected with athletics . . . . to Mr. Marvin Bonds and the California Art and Engraving Company . . . . to Doug Evans and Ed Kimmel of the Service Printers . . . . to Mr. Bushman and his staff of bookbinders . . . . and to all the unnamed people who played such an important part in putting out this book go all conceivable thanks, gratitude, and appreciation.

SENIORS

The Seniors of '48 under the leadership of a fine group of officers achieved a record of service to the school and accomplishment for the class which will stand high among the record of senior classes. In athletics, scholarship, and club work, many members of the class turned in outstanding performances. The traditional activities of the class such as the senior picnic, which was held May 20th, and the Junior-Senior Prom which took place on May 1st, were carried on with a fine spirit and a high degree of success. The year ended with the first outdoor graduation exercises in the history of the school and brought to an end the high school career of a group which will be sadly missed by all those students now in school.

SENIOR CLASS

Will and Prophecy

WILL

We, the members of the Senior Class of '48, being of fairly sound mind do hereby will and bequeath to various and sundry members of the student body the most unimportant things of which we are possessed as follows:

I, Patsy Struve, will my devastatingly streamlined figure to Helen Marinovich.
I, Helen Bluff, will to Helen House my ability to get to first period on time.
I, Rod Baumbach, will my Doc Baumbach's advice column to Deon Dyer.
I, Jack Blinkenberg, will my Toni set and Gro-Mo Hair Restorer to Coach Emmett Geiser.
I, Jane Wood, will the huge quantities of food I cooked in Foods to the E. R. P.
I, John McCarthy, will my smooth temper on the golf course to Richard Lien.
I, Teresa Novak, will my place in Pat Struve's hot rod to Rex Clark.
I, Bob Vargas, will my gentle voice to Carl Hopkins.

PROPHECY

"A tale of joy, a tale of strife,
A prophecy of future life.
Most of it good, some of it bad
And parts of it a little sad —
Who knows? — Tomorrow we may be dead,
Let's see what really lies ahead."

As the 48'ers go out into the cold, cruel world, we gaze into the crystal ball to see what lies ahead.

The air waves have claimed some of the class. We hear the "Hour of Harm," a mad 30 minutes brought to the radio audience by Dr. Baumbach's Tiny Tonsil Tablets. Members of this unique ensemble include Gabriel Bradley, who blows the sweetest horn this side of Purgatory; Norman Martin, a mad musician who feverishly pumps slush from his slush-pump; Barbara Nicholsen and Maybelle Mosegaard, solo gobsticks; and Bernice Stampfli who with her cornet produces the best corn in the nation. Guest artist is Lucille Holm and her "magic vocal chords."

From radio, let's turn to more serious things. Jack Blinkenberg and Frank Gonzales can be seen as roving evangelists, giving tent revivals at every whistle stop in the country. Laura Lee Riemer makes with music on her collapsible mouth organ.

As we flit up to Agnew, we find Herb Leippe cutting up paper dolls — (he always was artistic). Ray Clough and Pat Wagoner can be seen gnawing on the bars of their cells while trustee John Payton does yard work. Henningsen, McGregor, and Vargas explain the Einstein theory as Virgil (the poet) Stringari ponders another of life's great problems —

"Now I lay me down to sleep, in my little bed.
If I should die before I wake, how will I know I'm dead?"

Every class has outstanding athletes. Dale Bashford and Liz Anderson are pole vault champs; Mary Blaisdell, All American fullback; and June Hiura and Shioko Takatsugi, Pacific Coast tennis champs. Fredes Smith and Trudie Schmidt have won the national ping pong title.

Alas! Some of our comrades have left this earth and have gone to the world beyond. Johnnie Wong and Charlie Scholz, both operators at KHUB, keep us in touch with the heavenly land. Speaking of the upper strata, Margie Mattone, Beverly Silva and Joan McKibben are entered in a "Miss Heavenly Body" contest. The winner is to receive a new halo. At last reports, Al Flath, Marvin Stevens, Jerry Jansen, and Gay McGowan were nervously awaiting judgment from Hans Lauesen, Keeper of the Pearly Gates and Chief Scrubber of the Golden Staircase. Marvin has been considering giving up trying to get in. This is his fifth try — four times loser. In the distance, we spy Billy Wilson, Tommy Wight, and Richard Barrick winging by on their way to pre-flight school.

VALEDICTORIAN

Suzanne Rycraft

The class of '48 has been fortunate indeed to number among its members Suzanne Rycraft who transferred here recently from Gilroy. With an average of 93 per cent, Suzanne topped the list of seniors in scholarship. Her ready smile and friendliness have made her a welcome addition not only to the students with high scholastic averages but also to all who know her.

JUNIORS

The traditionally busy year experienced by all junior classes ran true to form for this year's class. Capably led by a fine slate of officers, the juniors participated in many school activities as well as carrying out many projects of their own. A large proportion of the class bought rings which were delivered just after the Christmas holidays, and senior sweaters were delivered in the late spring in time for summer wear. Once again the juniors were on top in the magazine drive for funds for the prom, and many of the members of the class contributed to the great success of this affair. As the year drew to a close, the juniors looked forward to the privileges and duties which would be theirs as seniors and no one in the school could doubt their ability to prove themselves worthy of the top position in next year's register.

SOPHOMORES

The sophomores, under the able guidance of Miss Tamisiea, moved up to the second rung of the ladder with spirit and distinction. Individual members of the class distinguished themselves in athletics, scholarship, music, the arts, and other fields of activity, and the class as a whole showed good evidence of school spirit and a desire to prove themselves worthy of the high standard they had set in their freshman year. Late in the spring, a group of officers were elected by members of the class which should be capable of leading their classmates wisely in the problems which will face them as juniors.

FRESHMEN

Sparked by Rex Clark, atom-sized class president, the freshmen entered the school last fall with all the eagerness and uproar of a puppy in a chicken coop. No sooner had the members found their way around the campus than they turned up in the gymnasium with a rally assembly which had the student body howling with delight and approval. After this whirlwind entrance, the class, well aware that freshmen are to be seen and not heard, contented itself with individual performances of great merit and waited impatiently for the time when they could assert themselves as one of the favored upper classes.

STUDENT BODY OFFICERS

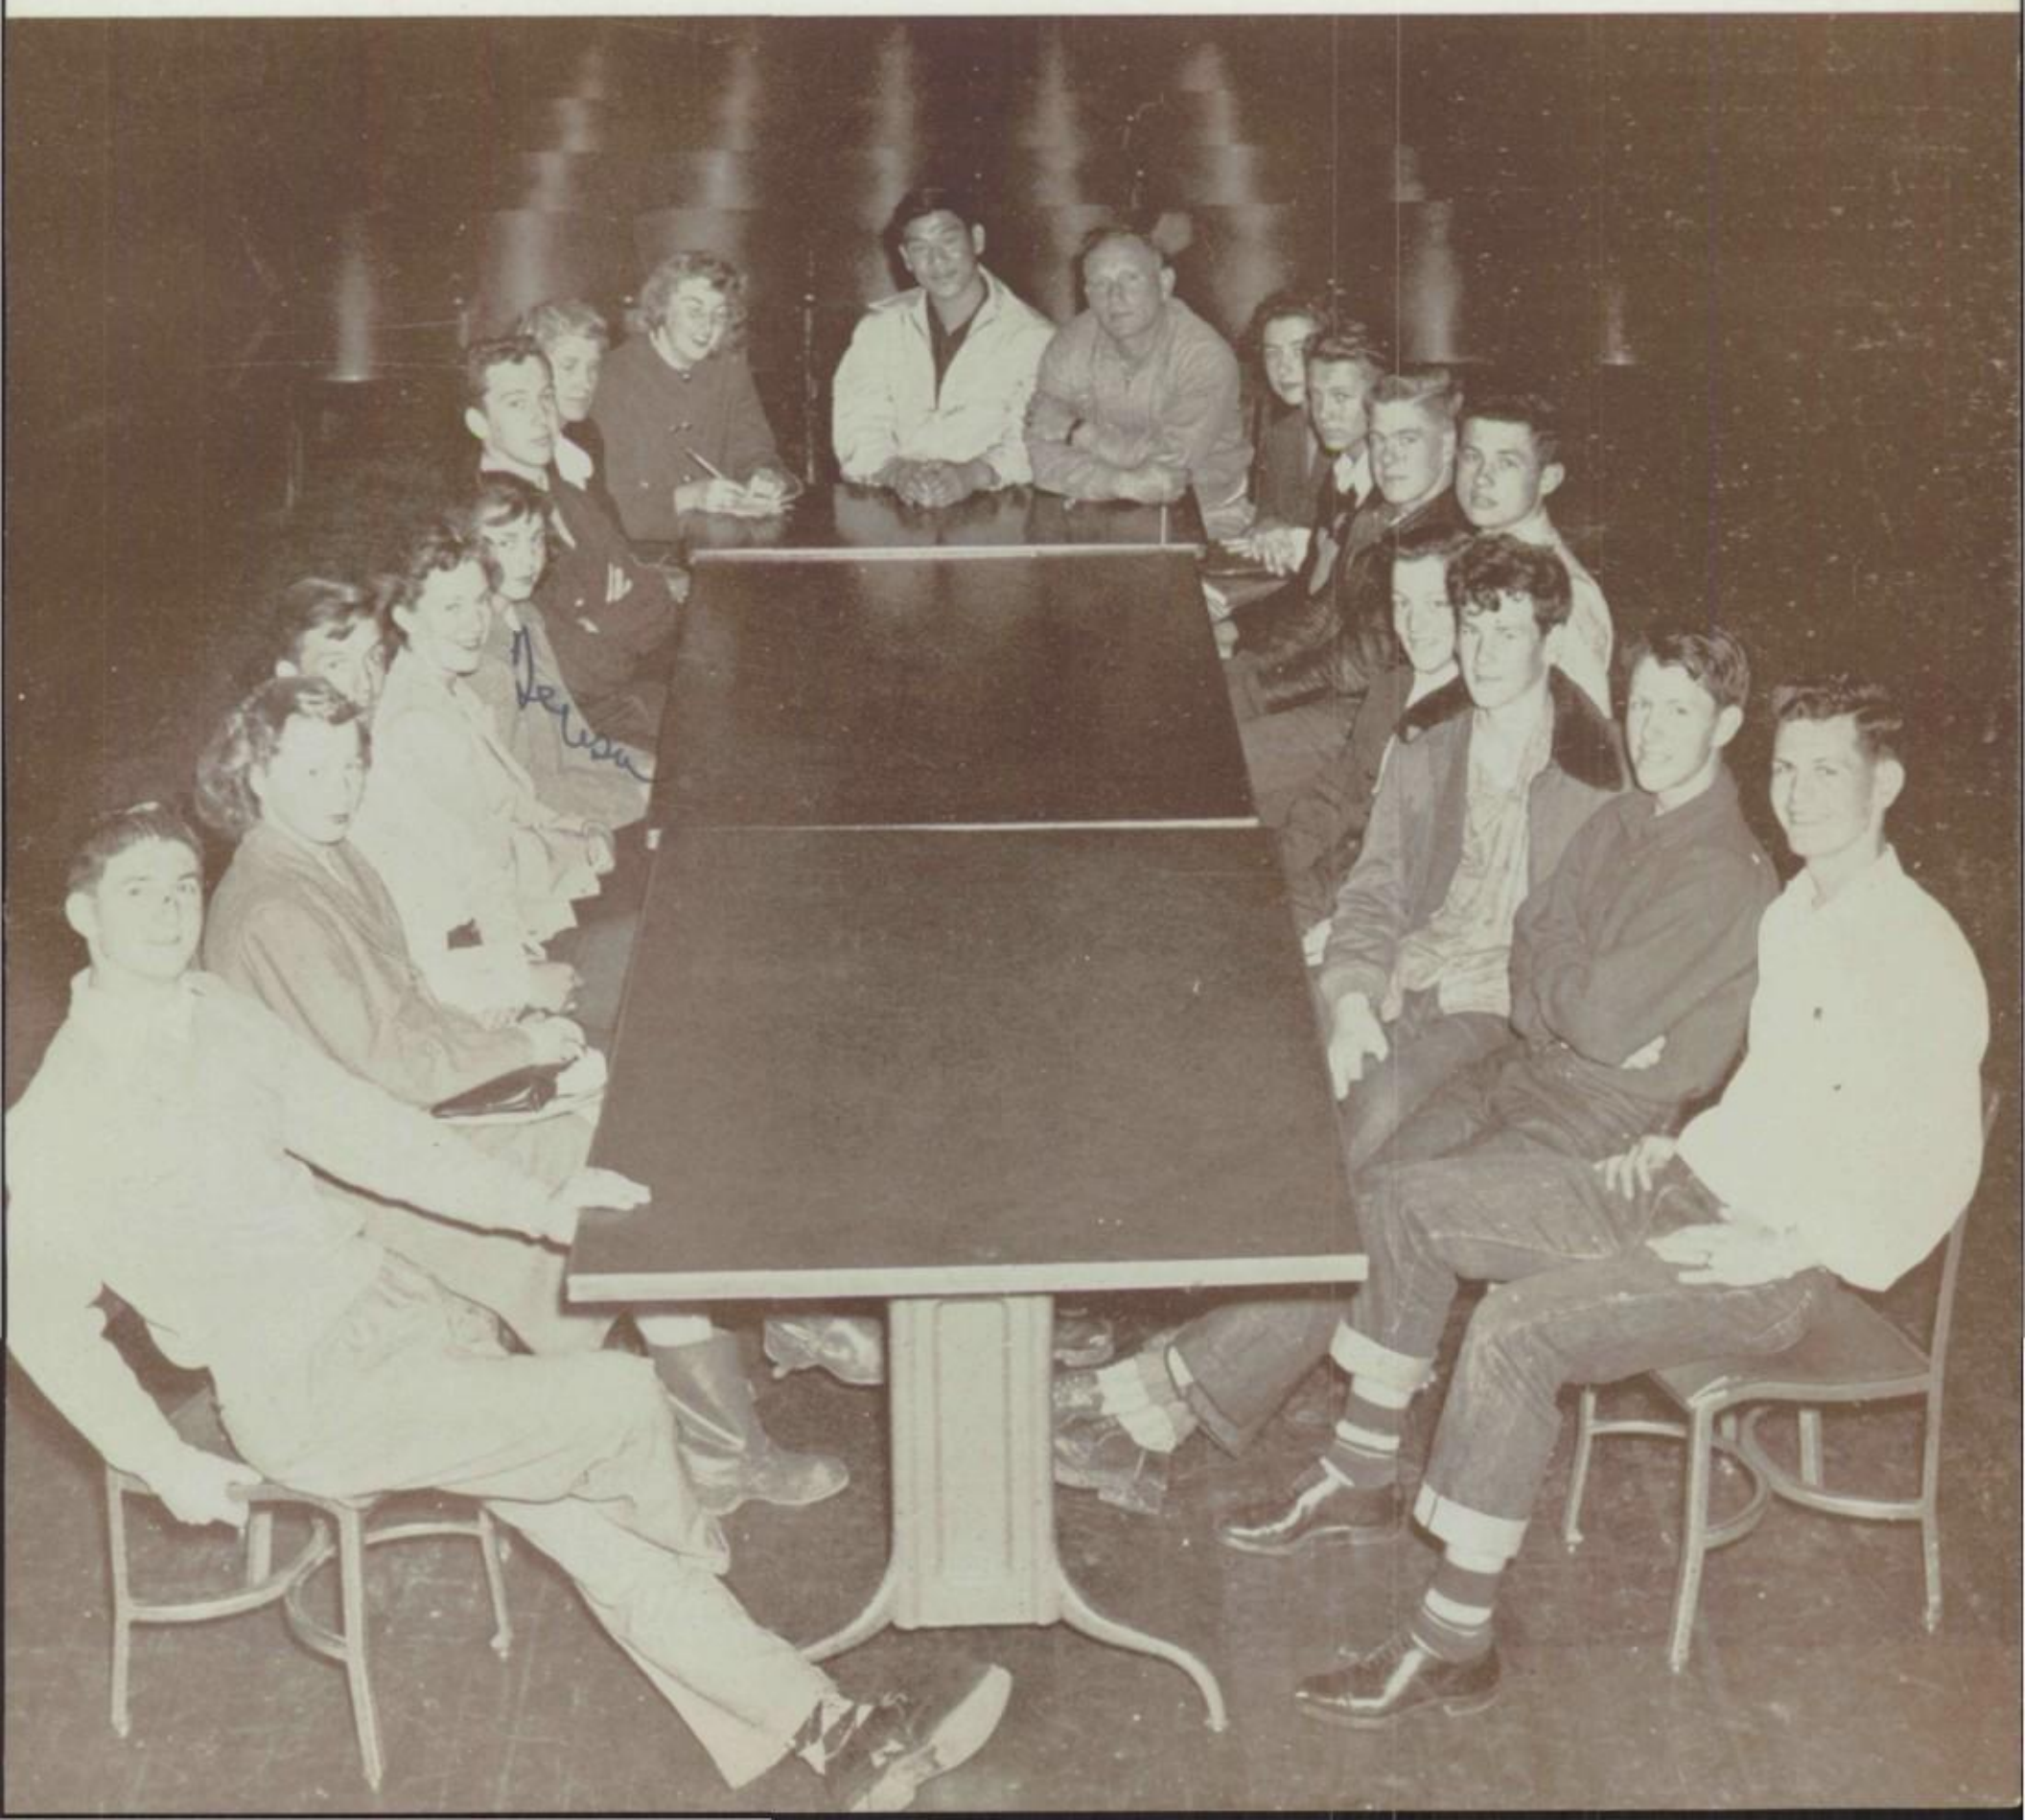
Students of Watsonville High were particularly fortunate in their choice of officers this year. Wally Wong, with the highest majority of votes ever accorded a student body president, led the students both in meetings and in activities with wisdom and faithful attention to duty. He was ably assisted by Bill Brandon, Jackie Larsen, and the other officers in all the projects undertaken by this group. Assemblies for the year were frequent and highly entertaining. The athletic managers and Jerry Doyle worked hard at their important and time consuming jobs, and the success of the athletic teams this year is due in no small part to their efforts to keep up school spirits and see that things ran smoothly. These officers set up a standard of performance which will make a high mark to shoot at for those who follow them.

STUDENT BOARD

The Student Board, composed of all student body officers, class presidents, one student board representative from each class, Mrs. Worthington, faculty advisor and Coach Geiser, faculty auditor, had difficult problems of finance to solve this year. Costs of all athletic equipment as well as other items used by the student body, soared along with prices in other fields. But with the good will of all concerned and by united effort, the problems of the year, both financial and otherwise, were solved to the general satisfaction of all concerned. The student body owes a debt to these people which it will not be easy to pay. The addition of lights for night football games represented a large investment, but it was felt that the opportunity afforded to larger numbers of people in the community for attendance at the games justified the expenditures. Another problem which required much careful consideration was the allotment of the coke concessions to clubs at the various games.

Left to right: R. Baumbach, J. Johnson, D. Henrichsen, L. Phillips, T. Stefanini, K. Clark, Mrs. Worthington, J. Larson, J. Wong, Mr. Geiser, M. A. Brazil, J. Doyle, B. Goldman, J. McCarthy, R. Clark, J. Hopkins, J. Kirkland, B. Brandon.



BOARD OF TRUSTEES

Problems of administering the high school are not new to our board of trustees, nor is the wise solution of these problems new in the history of our board. It is probable that the people of the community in general do not realize the extent of the work nor the difficulty of it which this group performs voluntarily. The end of the year was marked with the loss of Mr. Thomas S. MacQuiddy whose long and faithful service to the school is spoken of elsewhere in this book, and with the retirement also of Mr. Frank Rodgers and Mr. Harry Parker, both members of long standing on our board. The staff feels sure that it speaks for the student body as a whole when it expresses its great appreciation of the services rendered by this group.

Group reading clockwise: Mrs. F. Blaisdell, Mr. Harry Parker, Mr. M. Hutchings, Mr. Frank Rodgers, Mr. E. Crook, Mr. T. S. MacQuiddy, Mr. Howard Ditlevsen, Mrs. John Porter. Middle Left: Mr. T. S. MacQuiddy, Clerk of the Board. Middle Right: Mr. Frank Rodgers, President of the Board. Lower Left: Mr. Crook and Mr. Ditlevsen talk things over. Lower Right: Mr. Fred Jenkins of the Register-Pajaronian confers with Mr. Ditlevsen on school problems.

MERIT BOARD

The function of the merit board in Watsonville High is in line with the democratic spirit which is found throughout the school. The students and faculty members pictured below have performed a great service this year in helping students maintain a good relationship with the school. The difficulty of their work has not made them shirk any of their duties, and the student body is grateful to them for the service they have performed with such justice and faithfulness.

Mr. Lyon. Jackie Larsen. Fredes Smith. Wally Wong. Mrs. Worthington. Bill Brandon.

DEAN OF BOYS

The familiar sight of Mr. Lyon at his desk talking to one or a group of boys is really only a part of his task as dean. But it is an important part of the position he fills, and without his understanding counsel, Watsonville High would be a less worthwhile place in which to be educated. Working with Mrs. Worthington on many of the organizational details, Mr. Lyon makes a large contribution to the smooth and effective operation of our school.

DEAN OF GIRLS

It is impossible to measure the great services performed by Mrs. Worthington. Her experience and wisdom contribute enormously to the smooth and efficient operation of our school, but because her work is done with such apparent ease, many of us fail to realize the importance of her work. The girls who daily pass in and out of her office never fail to receive the kind of guidance wihch does so much to help them solve their problems in school as well as out.

ENGLISH DEPARTMENT

The English Department, one of the largest departments in the school, offers a large variety of subjects to the students. Some of these subjects are required, such as freshman and sophomore English and junior literature, but the activities of the department do not end there. The school paper, High Times, the Black and Gold which appears each week in the Watsonville Register-Pajaronian, dramatics, public speaking, the year book, and senior composition, are only a partial list of the courses in which it is possible for students to enroll.

Top picture, reading from left to right: Mrs. Spaulding, literature and composition; Miss Crowley, High Times, literature and composition; Mr. Pfeiffer, Latin and composition; Mr. Hamilton, Black and Gold, literature and composition; Miss Lord, department head, literature and composition; Mr. Yarnes, literature and composition; Mr. Anderson, dramatics, Manzanita, literature and composition.

Middle picture left: Mrs. Spaulding giving her class some poetry on the new phonograph.
Middle picture right: Miss Crowley poses with the energetic High Times staff.

Bottom picture: Lena Rovera and Frank Gonzales signing up with Miss Lord for second semester English courses.

SOCIAL SCIENCE DEPARTMENT

Perhaps no department in the school deals with more important subjects than the social science department. In these, the most critical days in the history of the world, the importance of a thorough grounding in the principles of government and in the national and international problems facing us, is a real necessity. A wide selection of subjects which will prepare students to meet such problems is offered in such courses as government, U. S. History, Latin American History, and social problems. Through the use of a recorder which was purchased for the social science and English departments this year, it is hoped that an even better understanding of political problems can be achieved.

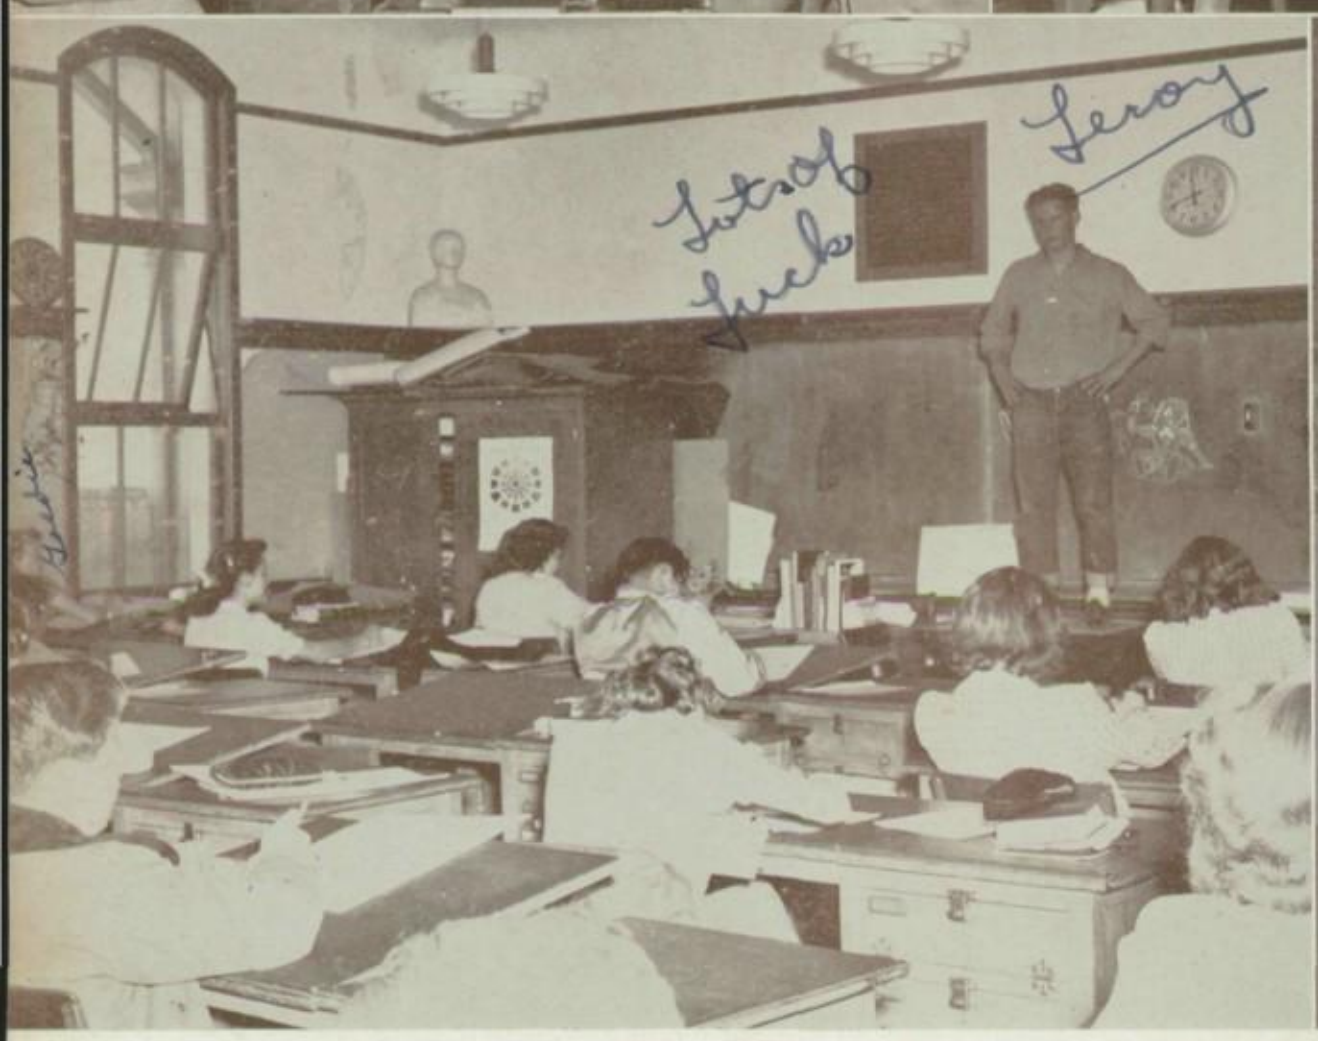
Top picture, reading left to right: Miss Harris, sociology, U. S. History and government; Mr. Coelho, Latin American History, U. S. History; Miss Hintze, orientation and local government; Miss Benham, U. S. History and government; Mr. Rowland, department head, government and U. S. History; Miss Matthews, orientation and U. S. History.

Middle picture: One of the panel discussion groups rehearsing their material on the structure of the Russian Communist government.

Bottom picture: Miss Benham plays back a speech on the department's new recorder.

LANGUAGES

The activities of the Language Department may be seen in part in the pictures on this page. French, Spanish, and Latin are taught. In the top left picture you see the traditional singing of Christmas carols in Spanish with Miss Dickson at the piano. Top right: Latin students at the board in Mr. Pfeiffer's room. Bottom left: Miss Blizzard, Spanish, French; and Mr. Sanchez, Spanish.



ART DEPARTMENT

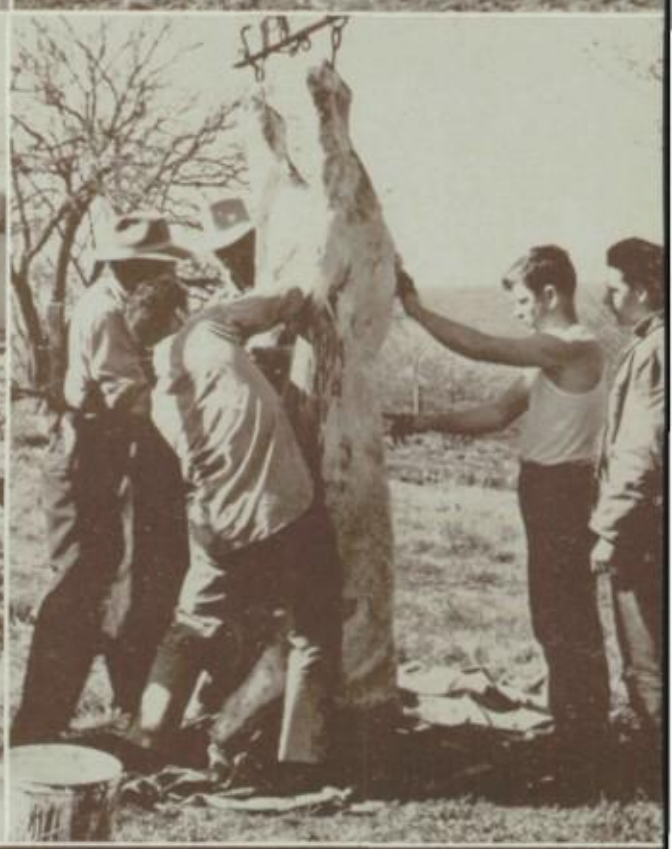
Of this department it can be truly said that seldom have so many owed so much to so few. Under the guiding hand of Miss Dubendorf, the art students labor long and faithfully to prepare art work for all student activities that need help. At bottom left is a picture of one of the art classes sketching a model, and at bottom right Ken Skillicorn and Mary Ann Silliman work on the art for this book.

NATURAL SCIENCES

No phase of education is neglected in the variety of subjects offered in Watsonville High. The Natural Sciences Department offers a fine opportunity for students to become acquainted with the world about them. In the picture on the upper left, Mr. Lyon lectures to one of his physics classes. Upper right: the biology microscope opens up new worlds to Johnny Farr. Lower left: Mr. Dyche looks on at an experiment conducted by Ted Fuller, and Frank Gonzales. Lower right: Mr. Whitehead, general science; Miss Martin, biology; Mr. Dyche, chemistry; and Mr. Lyon, physics.

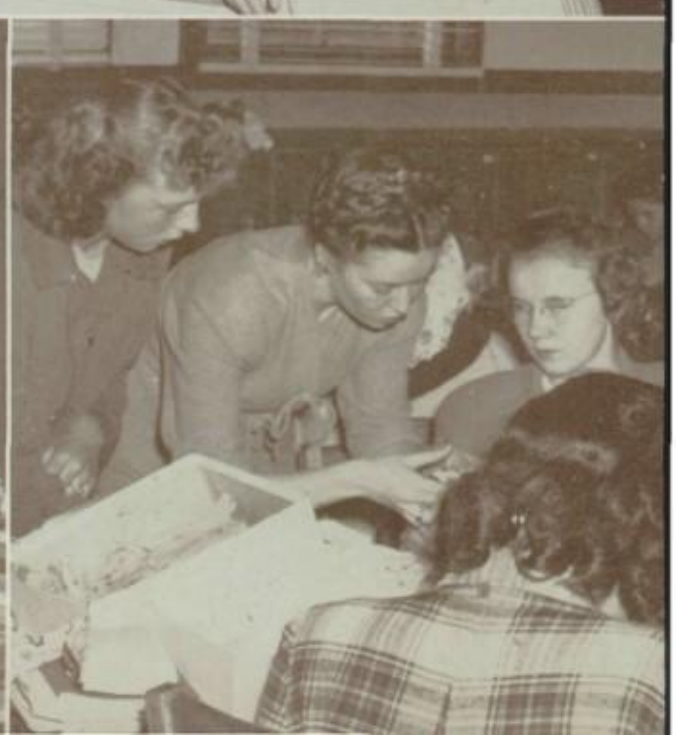
AGRICULTURE

Many of the students want to learn as much as possible about agriculture since they come from ranches and plan to go into ranching when they have finished school. In the agriculture department, opportunity for learning is presented in almost every phase of agriculture that is practiced in this valley. Mr. Hollenberg and Mr. Thorstenson, department head, are seen in the picture on the upper left. A few of the practical experiences given to the students are seen in the other pictures. That's Bill Kennedy at work on the E. A. Hall School lettuce field. In the picture at bottom right, boys are being taught the fundamentals of proper butchering.



HOME ECONOMICS

It has been truly said that the home is the backbone of American life. In order to prepare the girls for good management of homes, the Home Economics Department prepares them for all phases of the work, from marketing to bathing babies. The teachers include Mrs. Day, Miss Harris, and Miss Dyche. The George-Deen House provides the setting for a complete experience in efficient housekeeping. In the picture on the lower left, a class in which girls are learning the fine art of cooking may be seen, while at the lower left, Miss Dyche helps one of her students with a dressmaking problem.



COMMERCIAL DEPARTMENT

The Commercial Department enrolls not only those students interested in going to work immediately after leaving high school, but also those who wish to get further training in such subjects as shorthand, typing, and bookkeeping. Many students who intend to go to college take a year of typing which makes it possible for them to hand in easily read papers in college as well as to use their typing skill later on in a profession. Each year many students from the commercial department are offered part-time work in the stores downtown as a result of their training in this department. The importance of the training received in this department would be hard to over-estimate.

The teachers in the Commercial Department are seen in the picture at the top of the page. They are Mr. Stromberg, department head, bookkeeping and business machines, Miss Pokel, commercial mathematics, Miss Perisich, typing and short hand, and Mr. Frustuck, typing and shorthand.

Fredes Smith is working at the board in the center left picture, and Beverly Franceschi is using the mimeograph machine in the picture at center right.

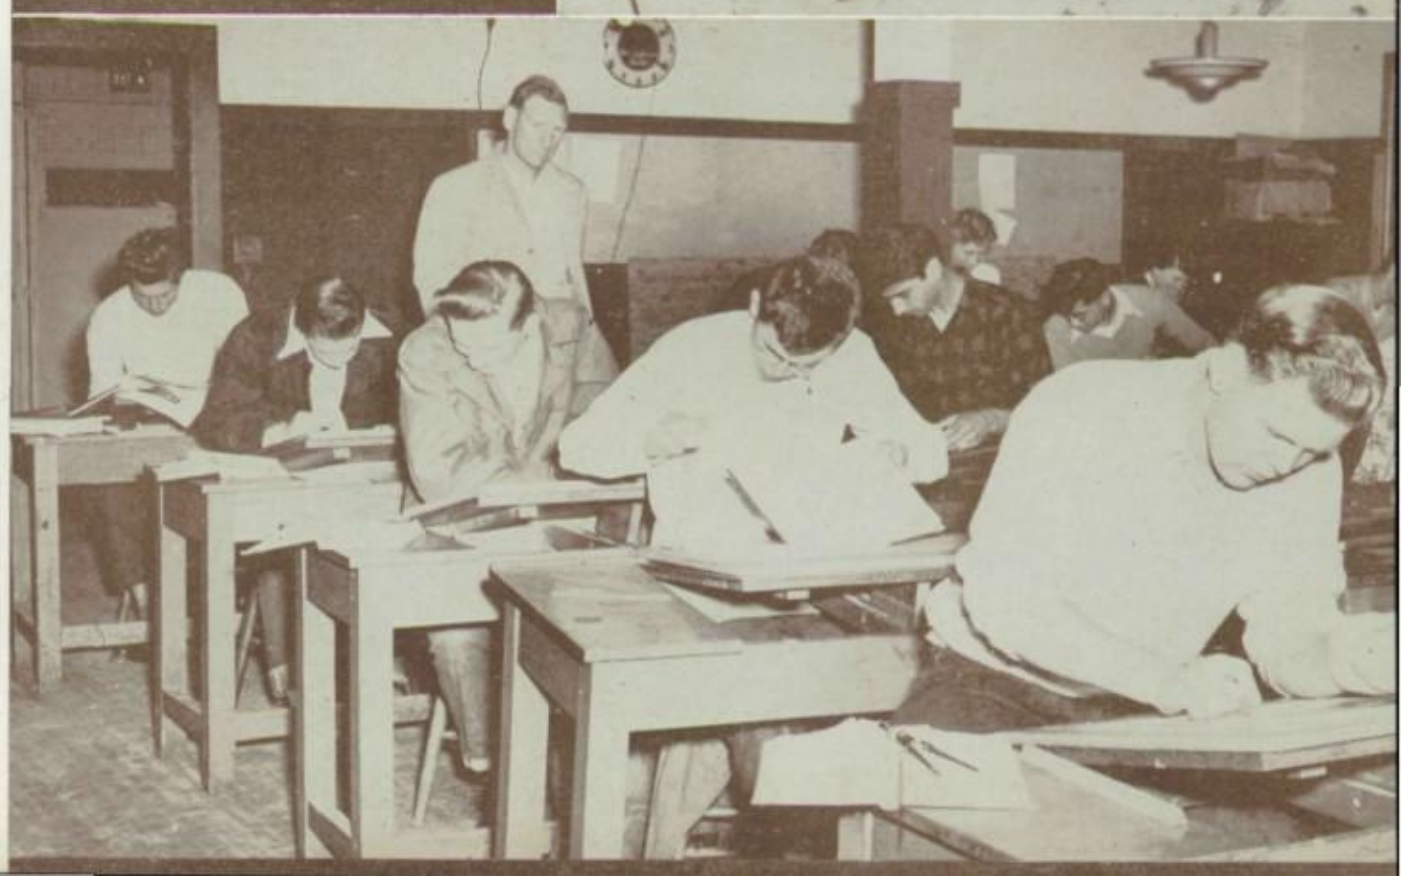
Miss Perisich instructs her class in the bottom picture in the techniques of Thomas short hand.

INDUSTRIAL ARTS

A wide variety of skills are taught in the industrial arts department. It has been found that ninety per cent of the jobs in Santa Cruz county involve the use of some manual skill, and so the usefulness of such training is readily seen. A class in carpentry will prove invaluable to the boys engaged in it whether they become carpenters after they finish school or not. Arrangements have been made with the local carpenters' union to take the graduates of this couse who wish to become carpenters. Other aspects of carpentry are taught in the woodworking classes, and metal working and mechanics receive their full share of instruction in classes which offer students the opportunity to do work with all the basic tools used in these trades. Mechanical drawing, a trade of ever-increasing importance, is also open to those who wish to learn the fundamentals of this skill.

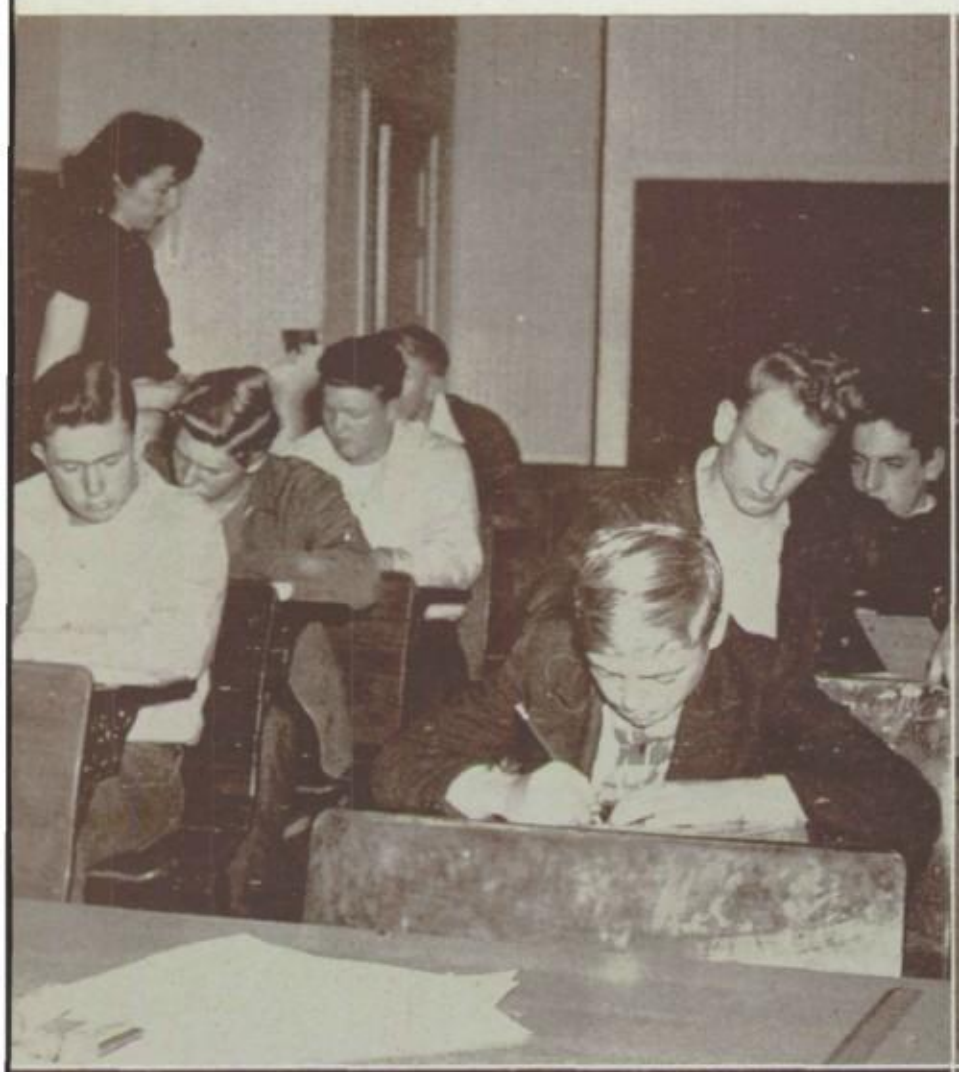
The teachers in the industrial arts department are seen in the picture at the top of the page. They are Mr. Andrewsen, auto mechanics and metal trades, Mr. Lien, seated, mechanical drawing, Mr. Hockel, machine shop, woodworking, and mechanical drawing, and Mr. Miller, woodworking.

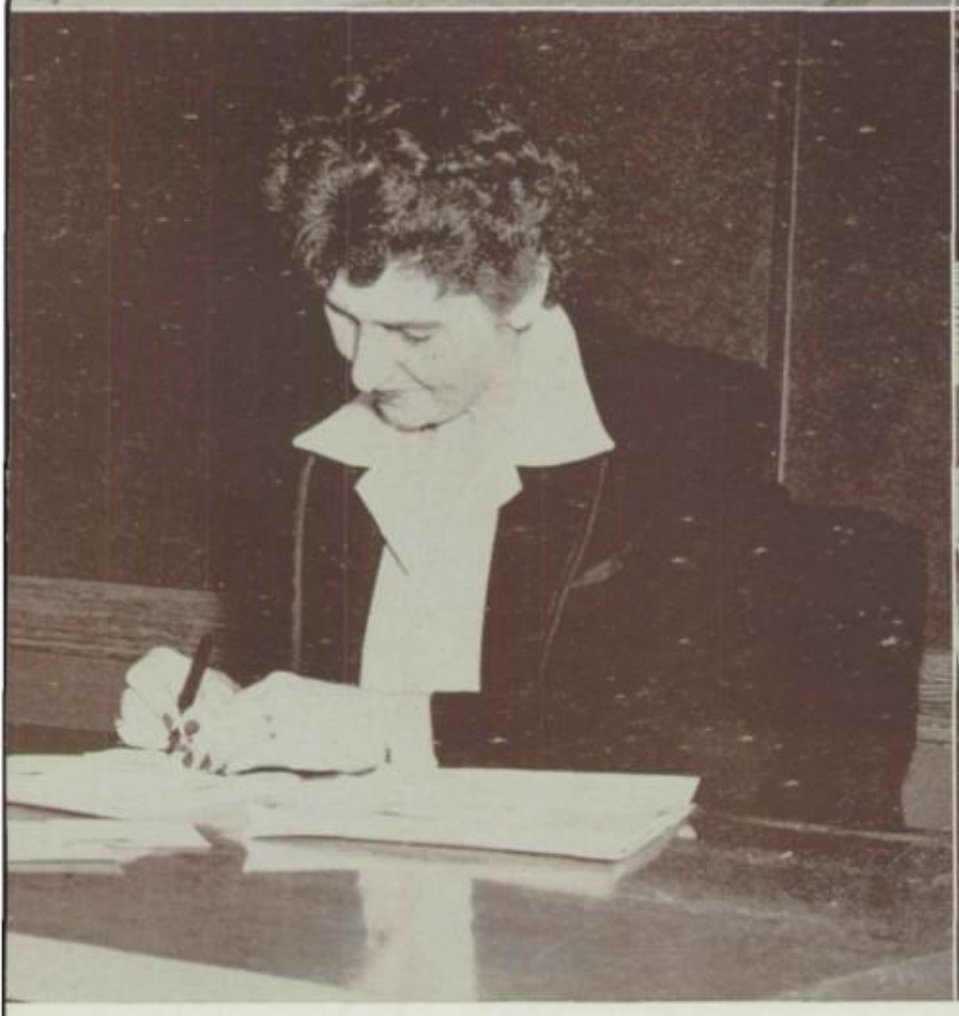
In the center left picture, one of the students in metal trades is improving his ability to handle a torch while in the picture at right center, the carpentry class proudly poses before one of their partially completed houses. At the bottom of the page, Mr. Lien stands ready to help any student who runs into a problem in mechanical drawing.



MATHEMATICS

The mathematics department offers instructions for those who want only the basic skills that will be required in day to day living as well as to those who intend to go into a profession requiring a knowledge of higher mathematics. In the picture at the upper left, Miss Pogue is seen with one of her math classes, and in the picture at the upper right are the three teachers of the math department: Mr. Flodberg, Miss Nivens, and Miss Pogue.





STUDY HALL

The study hall, under the direction of Mrs. Lechleiter, provides an opportunity for those who wish to do work outside their classes on subjects requiring additional study. Mrs. Lechleiter also attends to the details of attendance, an important and difficut undertaking.

LIBRARY

Miss Fuller, seen in the picture above, handles one of the best equipped libraries in this part of the state as well as all of the text books required by the school. Her helpfulness and broad knowledge have made a great contribution to the effective operation of our school.

MUSIC DEPARTMENT

The variety of musical instruction offered by the music department is wide and the quality is high. Many of the students who participate in the band and the choral groups have had training from the department teachers in the city grade schools. These teachers, Mr. Starks, department head, Miss Carlyon, and Miss Breen, spend time in the elementary schools as well as in the high school. Any student interested in a musical instrument may have instruction if he desires. As a result of this extensive training, our band and choral groups attain a degree of excellence which places them high in schools in this part of the state. Mr. Starks, better known as Tommie, specializes in the teaching of band instruments, and Miss Carlyon and Miss Breen give expert guidance in singing to mixed groups and girl choirs as well as in music appreciation.

In the picture at the top of the page, Mr. Starks sits in with the band as it practices a particularly difficult passage.

In the center picture, the orchestra rehearses for its performance in the musical festival, and at the bottom of the page, Miss Carlyon helps the mixed choral group to achieve that fine harmony and quality of tone which made it such a popular group in town this year.

PHYSICAL EDUCATION

The physical education department is the only compulsory four year department in the school, but the training in physical skills and health which it gives makes it one of the most important parts of the school program. Not only does it give training for an hour a day to each student in the school, but it also handles, through its teachers, the competitive sports program. The chief purpose of the department is to promote physical well-being. It does this through its games program and through its instruction in the best methods for achieving and maintaining good health. For those few students who are unable to enter into the active part of the program, sun baths and rest periods are provided.

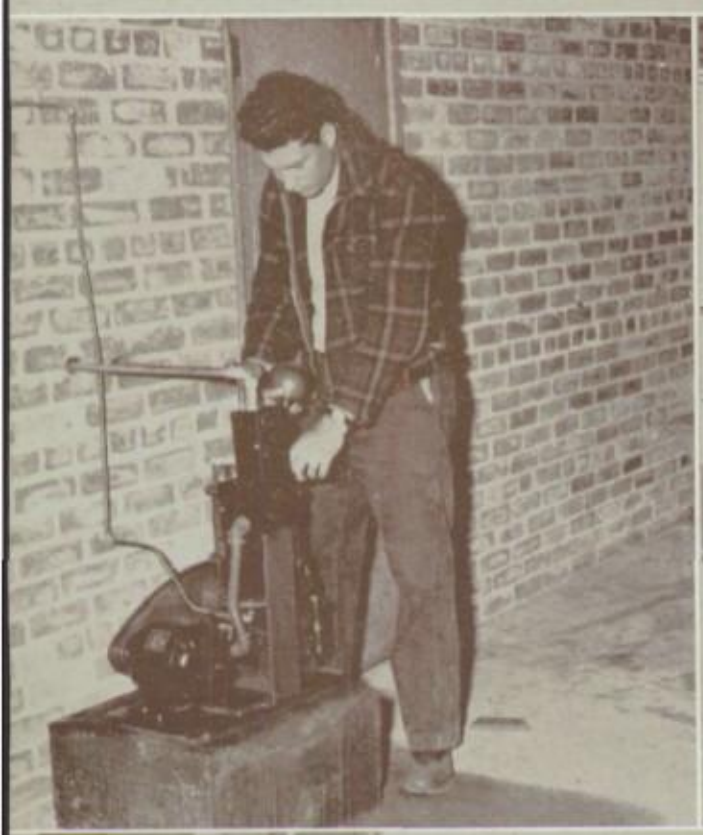
That the girls play an active and enthusiastic game of basketball is shown by the picture at the top of the page. The art of self-defense is not neglected in the training program. In the picture in the center of the page, two boxers square off in an attempt to learn how to hit without being hit. This year the men in the department who have so long and ably conducted the sports program at Watsonville High, Coaches Geiser and Burdick, were joined by Mr. Rhyne. (See picture at bottom left.) Miss Blanchard, Miss Zanetta, and Miss Hungerford are seen in the picture at bottom right.

OFFICE FORCE

It is easy to take for granted the work which is done by the girls in the office, but imagine what confusion would reign if they were not there keeping things going as they are. The telephone would go unanswered, no consultation slips would be stamped, grades would go unregistered, bills unpaid, and a thousand other details too numerous to mention would soon bog down the entire operation of the school. But the students do appreciate the work done by the office force and they like the cheerful, expert help offered whenever it is needed. The picture at the top beginning with the top row and reading from left to right includes Thelma Larkin, Jeannette Halward, Dorothy Schuchard; middle row: Lorraine Moresco, Rosalind Policicchio; and bottom row: Thelma Tungate, Frances Sukekane, Edna James.

CONTINUATION DEPARTMENT

The continuation department under the expert and whole-hearted guidance of Mr. Bourns, Mrs. West, and Mrs. Briggs, fills an important and essential place in the school. For those students who are unable to attend regular full-time classes, the opportunity to go to school on a part-time basis keeps them in touch with the school and gives them training in basic subjects without which people are so handicapped in this modern world. Craft classes are offered by Mr. Bourns in addition to the regular academic work and physical education. Mrs. West devotes her time also to training in basic subjects. A picture of girls receiving training in home management may be seen in the picture at bottom left.



MAINTENANCE

Numbers do not always mean a great deal, but the maintenance department has a big job to do, and with Mr. Hans Skow at the head of it, this large staff does a difficult job extremely well. The unfailing cheerful cooperation of everyone in the department is appreciated by all.

Bottom Row: P. Bobeda, T. Smith, J. Brand, E. Quimby, G. Uribe, D. Garrett, L. Williams, L. Klassen, J. Thompson, A. Uribe, A. Hansen, R. Owens. Top Row: L. Bilicich, K. Maitoza, R. Cowles, B. Brand, F. Callesen, S. Lopez, E. Skov, E. Moore, S. Bobeda, F. Burnham, E. Kirby, H. Skov.

CAFETERIA

If it has been said by one, it has been said by a thousand: When better cakes are baked, Mrs. Nielsen will bake them. And when anyone can turn out a better meal for a quarter than Mrs. Nielsen, we want to meet that genius. The entire staff, which feels sure that it is speaking for everyone in the school, wants to say right here that it appreciates the meals and the service which are so efficiently, appetizingly, and cheerfully given by Mrs. Nielsen and all the girls in the cafeteria. In the picture at the top, a few of the boys may be seen eating the lunch which will carry them comfortably through the rest of the school day.

At bottom left, Mrs. Nielsen presides over the magic bowl from which comes those magnificent cakes, and at bottom right, some of the teachers prove that they too, like to eat at the cafeteria.

SCHOLARSHIP SOCIETY

Just to prove that The Brains enjoy the same simple pleasures as ordinary folks, the Scholarship Society this year went to a movie and had a banquet, traveled to Stanford to witness the Stanford-Washington game, and went to Berkeley to see the Cal-Washington game. Officers for the first semester were Edgar Dethlefsen, president; Florence Rodgers, secretary-treasurer. Second semester officers were Mary Blaisdell, president; and Philip Dethlefsen, secretary-treasurer.

LIBRARY CLUB

The Library Club is composed of students taking Library Instruction during the year. The class, instructed by Miss Fuller, is for the purpose of teaching students to profit from the use of a library and to give the students the rudiments of running a library. Feature attraction of the club will be the banquet held at the end of the school year. Officers for the year were Mary Lou Gomez, president; Pauline Novak, vice president; and Vesta Tweedy, secretary-treasurer.

PHOTOGRAPHY CLUB

The developing of films, printing of pictures, enlarging, taking of interesting pictures—these were the essentials on which members of the Photography Club concentrated this year. Under the able leadership of Miss Pogue, the club sponsored a photography contest in which Deon Dyer, Gene Smith, and Sam Vestal won prizes. Again this year, as in past years, an exhibit of National Photographic Awards was held. Officers for the year were Rodney Baumbach, president; Sam Vestal, vice president; Claire DeLany, secretary; and Diana Daley, treasurer.

D. O. A.

Members of DOA must have a B plus average or better in mathematics. Apparently students are improving in mathematics for the club had an unusually high membership this year. When this book went to press, the club was planning a beach party. Supervised by Miss Nivens, the club had a coke concession at one of the basketball games. Gordon Harris was president; Carol Holgerson, vice president; Diana Daley, secretary; and Jane Wood, treasurer.

SERVICE CLUB

Mrs. Fly, the club advisor, instructs the girls in practical nursing. Each girl who is a member of the club gives one P. E. period a week to the nursing service. A pot-luck supper was enjoyed at Christmas time, and in January a beach party was held at Sea Cliff. Club officers were: Donna Bollinger, president; Nadine Self, vice president; Margaret Lasher, secretary; and Phyllis Gray, treasurer.

JUNIOR RED CROSS

Under the leadership of Mary Jane Pollitt as president, Pollyanne Previsich, vice president, Don Henrichsen, secretary - treasurer, and Miss Dyche, advisor, the Junior Red Cross had a very busy and useful year. The principal work done by the council was the giving of aid to needy students. In addition, contributions were made to the National Braille Press for the blind and Life magazines were sent to the veterans' hospital in Tucson. With help from the art department, holiday tray favors were also sent to the veterans' hospital.

LATIN CLUB

Activities enjoyed by the members this year were a picnic on May 15th at La Selva and plays presented by the Latin students on May 6th. Officers for the year were Anne Marinovich, president; Barbara Evans, vice president; Philip Dethlefsen, treasurer, and Deon Dyer, reporter. For outstanding service to the club, guards were presented to Jane Wood and Anne Marinovich.

GIRLS' CHOIR

The Girls' Choir, under the expert guidance of Miss Breen, had a highly successful and pleasant year. The girls sang at the Kiwanis Club, at the concert in the Veterans' Hall and in the music festivals at Carmel and Oakland. The girls who are chosen for this group must have had intermediate choral training before they enter the advanced choral group. Marie Crosetti was chosen as manager for the year.

Bottom Row, left to right: H. Yoshida, P. Previsich, L. Pinkerton, B. Silva, M. Crosetti. Second Row: L. Smith, A. Campos, E. Anderson, G. Hoerler, R. Spain, Miss Breen. Third Row: B. Bell, R. SPANISH CLUB

This year the big event for the Spanish Club was the Fiesta. During the first semester, with Miss Dickson as advisor, members of the Spanish Club went on trips to the Mission San Juan and the Carmel Mission. After Miss Dickson's departure for a well-earned rest, Mr. Sanchez took the place of advisor. Charles Marinovich was president; Mary Helen Dubendorf, secretary; and Madge Martin, treasurer.

ORCHESTRA

Under the direction of Miss Carlyon, the orchestra played at the Woman's Club at Christmas time this year, and for various other groups in town during the course of the year. In addition, the group traveled to Carmel and to Oakland for the music festivals there. A carry over of many students from the previous year made this group an unusually successful one. Dorothy Seibert was elected as representative.

DANCE COMMITTEE

The Dance Committee, with Tom Dufour at the head, held two dances this year. One of them was a dance after a game, and the other one used Spring as the theme. Ken Skillicorn was in charge of decorations, and with the help of others, achieved some very beautiful effects. Mrs. Worthington acted as advisor.

Bottom Row: T. Stefanini, A. Marinovich, P. McIlmoil, C. Delany, D. Dyer, J. Briscoe, M. Lawler, Mrs. Worthington. Second Row: K. Clark, P. Brasher, E. Patterson, M. Kane, E. Schultz, P. Miguel, D. Daley. Top Row: D. Lintz, M. Martin, B. Codiga, R. Lien, T. Miller, K. Skillicorn.

TREBLE CLEF

The Treble Cleff, honor society for the Music Department, is made up of students from Advanced Choral, Mixed Choral, Orchestra, and Advanced Band. A full program occupied the members this year. It included the initiation of new members, a Christmas party, ushering at the concerts, and candy and coke sales. In May an anniversary tea for the faculty, friends, and parents was held. The club was under the direction of Miss Breen and Miss Carlyon. Officers for the year were Madge Martin, president; Florence Rodgers, vice president; Lillian Blackwood, secretary; and Beverly Silva, treasurer.

MIXED CHORAL

The Mixed Choral, a group of boys and girls chosen for their interest in singing, spent a busy year. Their performances for the service clubs met with enthusiastic applause. There were, in addition to the service club programs, numerous concerts and festivals in which the group participated. These included the festivals at San Jose, Carmel, and Oakland, as well as the spring concerts. The group also did the singing for the Christmas pageant. Ken Clark was president and Pollyanne Previsich was treasurer.

ART CLUB

This year the Art Club has helped, in one way or another, practically every organization in the school. The club has done this by doing decorations, advertisements, placards and other such work. In addition to their own activities, several members of the club have aided tremendously in designing the cover, end sheets, and division pages of the Manzanita. Other members have worked vigorously on the prom decorations, poppy posters, and various projects. The officers were: Myrtle Lawrence, president; Ken Skillicorn, vice president; Mary Helen Dubendorf, secretary; and Pat McIlmoil, treasurer. Miss Dubendorf, acting as club advisor, inspired much of the activity of the club.

MANZANITA

Now that the Manzanita is completed, all of the excellent staff is in Agnew. Jerry Kirkland is in the worst condition of all. The last words he was heard to utter as the men in the little white coats carried him away were, "Don't forget the Manzanita movie with Charlie Chaplin." Teresa Stefanini keeps counting from ten cents to a dollar and then beats her head against the wall. The photographers are suffering from over exposure and the art staff — but we won't mention them. The rest of the staff is in a stupor with nothing on the brain. The staff worked hard to put out a good book for you. We thank you for supporting our many concessions and we hope you like the book.

BLACK AND GOLD

The members of this club produce "Black and Gold" published weekly in the Watsonville Register-Pajaronian. From this group reporters for "High Times" are usually chosen. This popular feature offers a proving ground for beginning newswriting students whose ambitions and talents are leading them toward writing either as a career or a hobby. Mr. Hamilton teaches the class and this year chose from a group of talented students, Vesta Tweedy as the outstanding writer.

DRAMATICS CLUB

This year the Dramatics Club was active only during the first semester, but into those weeks it packed a great deal of activity including a one-act play, the Christmas program, and, for the first time, a movie. Unfinished at the end of the semester, the movie was to be completed and shown in May. Mr. Anderson acted as advisor.

FUTURE FARMERS

One of the most practical, and at the same time, enjoyable, clubs in the school is the Future Farmers Club. In line with the sort of work the members hope to go into, three quarters of an acre of lettuce was planted and $445 was received for the crop. A seven acre tomato field also added more funds to the club treasury. In the fall, the FFA Booth at the County Fair received first prize. In March, members of the club exhibited and sold three project steers at the Cow Palace. Not only did club members do well in exhibitions of agricultural skill, but also they won the inter-chapter basketball championship of the south coast league. Mr. Thorstenson provided the excellent leadership as advisor while the following acted as club officers: Dick Whiteside, president; John Ivelich, vice president; Sam Powell, secretary; and Joe Perry, treasurer.

F. H. A.

Under the fine leadership of Miss Harris, the FHA had a very busy and useful year. The projects undertaken by the club included the annual Silver Easter Tea, combined skating party and pot-luck dinner with the Future Farmers, a hamburger sale and an initiation party. Officers for the year were Arlene Andrews, president; Emily Erta, vice president; Vesta Tweedy secretary; and Bonnie Hulligan, treasurer.

COMMERCIAL CLUB

The Commercial Club is one of the most active clubs our school has. It is composed of junior and senior girls who have a group in commercial courses. A Hallowe-en party was given for the men of the faculty and maintenance staff which was a huge success. Officers for the year were Mariellen Phillips, president; Frances Matulich, vice president; Pat Wagoner and Lucille Markota, secretaries, and Lola Rackley, treasurer. Miss Perisich was the club advisor.

C. O. G.

COG, one of the newest and most active organizations in the school, has had two initiations this year. At these initiations the new members are taken under the wings of old members. Members sold cokes at the games and with the money earned bought a football trophy on which the names of the two best students on the lightweight and heavyweight teams was inscribed. Jim Stewart was president; Wally Wong, vice president; Charles Marinovich, secretary; and Edgar Dethlefsen, treasurer.

The Watsonville Air Wolves had a good year with all members in the club receiving at least three hours of flying each. A few picnics were also held during the year in the auto shop. With the help of Mr. Andrewsen, advisor, radar training equipment has been secured. Officers were John Wong, president; G. Haselhofer, vice president; Don Lintz, secretary.

The club officers for this year were Mitchell Bakich, president; Bob Lint, vice president; Fred Calleson, secretary; Jerry Hopper, treasurer; and Pete Resetar, sergeant-at-arms. Members of the club overhauled and painted the Maintenance pick-up truck and worked on a Cadillac motor as well as problems connected with carburetors and motor chassis. Mr. Andrewsen acted as advisor for the club.

FRENCH CLUB

The French Club started the year by selling cokes at a basketball game to add enough to their treasury to pay for their picture in the Manzanita. Following this was a New Year's party held at the home of Louise Pinkerton. During the month of May it was hoped that a picnic could be held to which all students taking French would be able to go. Under the able supervision of Miss Blizzard, an enjoyable year was had by all. Officers for the year were Carolyn Coleman, president; and Barbara Drysdale, sec.-treas.

HIGH TIMES

Playing one of the most important rolls in High School life the school paper has done much to forward school spirit as well as do a fine job publicizing the life around school. (Individuals) Top, Stephen Martinelli; Bottom, Tommie Starks, Director.

BAND

This year was a memorable one for the band. Sixty new uniforms in black and gold were purchased—the long awaited and highly prized uniforms that make the band look as good as it really is. As though this was all the spur that was needed, the band won a superior rating—the highest awarded—at the Oakland festival. Too much cannot be said in praise of the high quality of music or the extent of the activity of this group. It played at festivals, games, rallies, and dances. The drum majorettes, Gay McGowan and Audrey Johnson did a fine job in front of the band. Officers for the year were Steve Martinelli, president; Randy Bradley, vice president; Jerry Jansen, student director; Helen Howes, secretary-treasurer; and Florence Rodgers and Margaret Randolph, librarians. Tommie Starks was their director.

COACH GEISER

COACH RHYNE

The first part of the season found the team unable to play the brand of football for which Watsonville is noted. At a chilly game under the lights in Monterey, the Toreadors, who had found their stride at the beginning of the season, inflicted a stinging 24 to 7 defeat on the Wildcats. The following weekend, the Wildcats traveled to King City and once again tasted the bitterness of defeat. But the real fighting quality of the team was shown when the boys, refusing to accept the first two games as an indication for the entire season, swept over Santa Cruz 24 to 0. From that time on, the heavyweights never faltered. Even the loss of Virgil Stringari, sparkplug center who broke an arm in mid-season, could not slow down the Wildcats. The boys worked so well as a team that it is difficult to pick out individuals who stood out over their fellows, but Tom Dufour, Roy Robertson, Wally Wong, and Roy Wilson were names often mentioned during the season. Captain of this year's team was Gene McMasters.

LIGHTWEIGHT FOOTBALL

Scoring 103 points to none for their opponents in C.C.A.L. competition shows in itself that, as their coach, Howard Burdick put it, "the 1947 lightweights were undoubtedly one of the finest clubs Watsonville has ever seen." With two strings of the finest championship material, the Wildkittens went through as successful a season as any coach or any player could ask for. Building the team around speed and fight, of which plenty was found in men such as Jim Goldman, Carl Hopkins, Don Henrichsen, Roland Brooks and a myriad of others, the team showed the strongest offensive power of any club in the league. All C.C.A.L. men picked by the Register-Pajaronian were: Don Henrichsen, Jerry Doyle, Captain Jim Goldman, Johnny Wong, Bob Goldman (who broke a collar-bone early in the season but nevertheless was definite all-league material), Bob Pio, Carl Hopkins, Mike Morales, Paul Kane, Bob Rogers, Frank Gonzales, Joe Ituralde, and Roland Brooks.

VARSITY BASKETBALL

The Wildcats, for the third straight year, won the CCAL championship. Coached by Emmett Geiser, the team had a successful season, winning seven out of eight league games. In mid-season, the Wildcats were hampered by the loss of Wally Wong, but with a spirit that "no" could not be taken as the answer, the cagers went on to take the league title. This year's captain was Tom Dufour, who was one of the best guards in the league and who won top honors in making the mythical All-CCAL guard berth two years in a row. Wally Wong was also placed on the All-CCAL team. George Dujmovich was high scorer for the year. A post season tournament at Berkeley served as a further test of the Wildcat's strength. In this tournament of champions, the Wildcats won one of three games.

LIGHTWEIGHT BASKETBALL

A slow start at the first of the season gave the Kittens a second place in the race for the lightweight crown. They dropped the first game to Santa Cruz by two points, after leading to the last fifteen seconds, when a Santa Cruz man dumped in a lucky shot. The next thriller was the Monterey game which went into an overtime period with the Wildkittens coming out short. After losing the first three games, the Wildkittens came back to dump the league leading Cardlets 21 to 7 and win the rest of their remaining league games to come out in second place. Almost every league game was a thriller, with the crowd going wild in the last few minutes of play. Captain Johnny Wong, ace guard and a reliable man in a pinch, was sixth leading scorer in the league. Roland Brooks and Mike Morales, first string forwards, turned in excellent performances during the season. Kenny Sears, second string center, only a Freshman this year, gained valuable experience. Looks like it is going to be a very promising year for the Wildkittens as many of the boys, with Coach Geiser's championship training, will be back again to make their '49 team all league champion.

TRACK

Finishing up a successful year by taking the Big Five meet at Salinas and the lightweights taking the C.C.A.L. title, the Watsonville track team under Coach Bill Rhyne have ended one of the most spectacular seasons ever witnessed by Watsonville High School. Outstanding cindermen such as Mits Hashimoto, Frank Gonzales, Carl Hopkins, Duncan Chin and Don Henrichsen made this success an actuality. Hopkins set a C.C.A.L. record for the 330, Chin for the 120 LH and Hashimoto for the 75 yard dash, as well as a 440 relay record. Don Henrichsen was outstanding heavyweight man with 49 points. Captains for the two squads were Hashimoto and Frank Gonzales.

BASEBALL

The baseball team, after a slow start, finally hit the come-back trail. The team began by dropping its first game to Monterey three to one. Hollister provided the second spill when the Haybalers clubbed the Wildcats nine to two. But in the third game the Wildcats rode roughshod over the Monterey Toreadors to the tune of six to five, and from that time on, the Wildcats were a tough club to handle. The boys downed Salinas two to one and handcuffed Santa Cruz three to nothing due chiefly to Ace Causey's pitching. Outstanding players for the season were Conrad Causey, pitcher; Roy Robertson, slugger, and Bob Goldman who, as this book went to press, led the team with a batting average of .267.

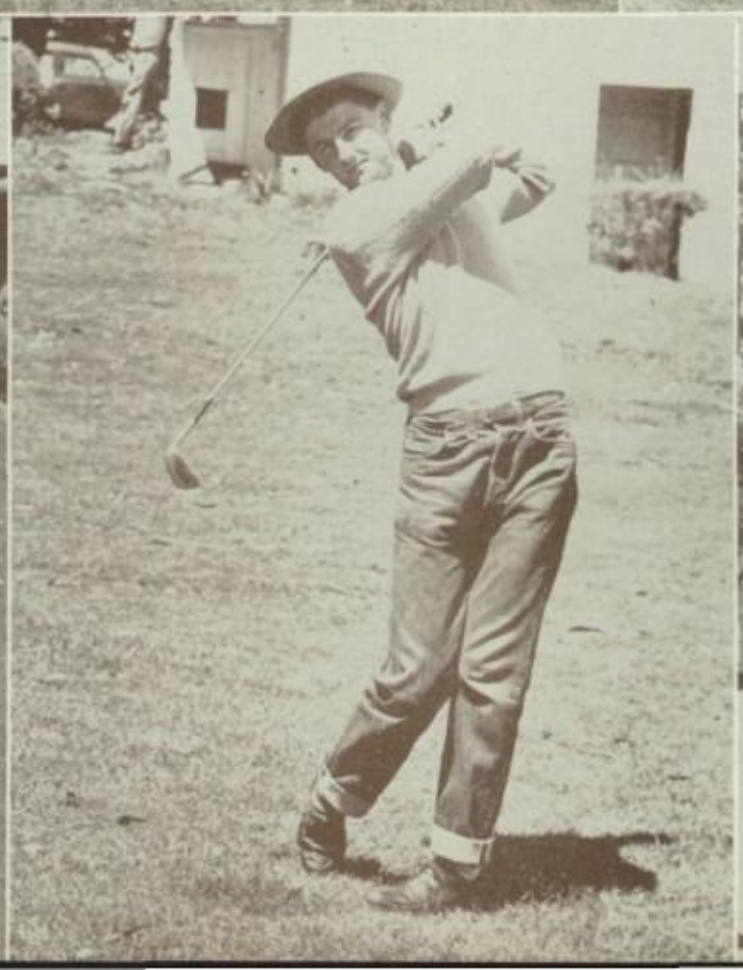
GOLF

Though not the best in the league, Watsonville's golf team this year was one of the most earnest in the history of the school. The eagerness of the team members led the club through one defeat, one victory, and three ties to third place in the CCAL. Starting the season Richie Lien, John Kirkland, John McCarthy, and Rod Baumbach, playing in that order, met Pacific Grove first. They defeated P. G. nine to six. With this win under their belts, they traveled to Salinas where five fine golfers whipped them 13½ to 1½. From there they went on to tie the remaining teams of Carmel, Monterey and Santa Cruz. The CCAL finals this year were played at the Monterey Peninsula Golf and Country Club where a total score for the four players of 378 gave them third place. Three of the five team members were seniors this year. Left for next year's team are Richie Lien and Jerry Kirkland.

Bottom Row: J. McCarthy, R. Lien, J. Kirkland. Top Row: Coach Burdick, R. Baumbach, J. Kirkland.



TENNIS

A small group of netmen with little or no experience had a season which, as far as scores go, was rather unsuccessful. But with the help of Coach Burdick, the boys all gained a lot of good experience and learned a good deal about the fundamentals of good tennis. The hours spent in practicing were not only valuable for the improvement they made in the ability of the team members to play, but they also contributed a lot of that fine pleasure and training in physical coordination which is the real purpose of all high school sports. Team members were Pete Fillon, first man; Jack Blinkenberg, second man; Jim Rosewall, third man; Harry Rowe, fourth man; Bill Koefoed, fifth man.

BLOCK W

This year the Block W built up its membership to pre-war size. Several championship teams helped in building up the club's present size—a total of about seventy-five members.

Two initiations were held, one at the high school after the football season, and one at Uvas Dam in the spring. The student body got a bang out of seeing the first initiation, and so did the pledges.

Meetings were held during the year for business reasons, for incoming members, and to plan the enforcing of the wearing of block sweaters on Friday. Officers for the year were Tom Dufour, president; Don Tomaso, secretary-treasurer, and Roy Robertson, sergeant-at-arms.

G. A. A.

The anual feature attraction of the GAA, the Girls' Jinx, was held on March 18th this year. It was, as always, a huge success as may be judged by some of the pictures in this book.

The GAA is open to all girls in high school and membership is achieved on a point basis. Play days, fund raising, and a Christmas banquet made a full and enjoyable year for the members.

Officers were Gertrude Ayers, president; Margaret Gray, vice president; Donna Wilson, secretary; Bonnie Hulligan, treasurer; and Barbara Johnson, athletic manager.

Bottom Row: M. Elias, B. Rusler, F. Mendes, F. Fowle, B. Beaty, M. Gray, D. Wilson, B. Franceschi, M. Blaisdell, J. Larsen, B. Hulligan, L. Herrick, P. Stevens. Second Row: J. Shaw, B. Monday, D. Purtill.

GIRLS BLOCK W

The Girls' Block W, one of the most difficult clubs in which to gain membership because of the high requirements, had an active, highly successful year. Funds were raised by coke sales at the basketball games. Two girls, Mary Blaisdell and Betty Beatty, were awarded All CCAL pins. Plans for a swimming party in May at Santa Cruz were being made as this book went to press. Officers for the year were as follows: Beverly Franceschi, president; Donna Wilson, vice president; Mary Blaisdell, secretary; Jackie Larsen, treasurer.

Bottom Row: B. Beatty, M. Gray, D. Wilson, M. Blaisdell. Top Row: J. Larsen, L. Blanchard, B. Franceschi.

SPEEDBALL

The sophomores came closest to giving the seniors a beating when they fought them to a five to four score in a hotly contested game. Except for this one close score, however, the seniors established themselves as champions from the beginning.

Bottom row: N. Dodds, B. Beaty, D. Wilson, J. Larsen, M. Yasumoto; Middle row: J. Christmas, N. Cox, J. Roberds, F. Smith, L. Madewell, M. Travers, B. Stampfli; Top row: B. Hulligan.

HOCKEY

The senior girls swept the league games in hockey with a thoroughness that left no doubt at any time as to who were the champions. Though the sport did not excite as much spectator interest as baseball and basketball, those who witnessed the games saw some very good playing and exciting moments.

Bottom row: B. Arnbrister, G. Etow, B. Beaty, L. Culcasi, M. Elias, C. Baker, Y. Yasumoto; Top row: J. Larsen, S. Sukekane, J. Roberds, M. Yasmoto, M. Travers, F. Smith.

Bottom row: M. Blaisdell, B. Beaty, B. Ingersoll, W. Hulligan; Top row: B. Sparks, B. Hulligan, M. Travers, L. Rovera, A. Johnson, F. Smith.

Bottom row: B. Johnson, M. Blaisdell, M. Travers, H. Beukers; Top row: G. Etow, L. Weedon, F. Smith, L. Rovera, E. Dillard.

BASKETBALL

The basketball fans enjoyed a very thrilling and active season. Girls from every class turned out to participate, making the competition exceptionally keen. The junior-senior league game was played before the whole school during an assembly with the seniors victorious.

VOLLEY BALL

As in volley ball, the seniors proved themselves top of the league from the beginning game to the last one. It is not possible to list outstanding individual players in so small a place, but a look at the group of girls in the picture will show not one player of less than top ability.
